

ET Air Pumps

The ET series range of air pumps ensures that there is plenty of water movement in wastewater applications; this boosts oxygen levels in the water, allowing aerobic bacteria to decompose. When used in medical applications, the ET series provides a high flow at low pressure.

Product	Performance CFM	Performance l/min	Power Watts
ET30	1.06 @ 0.15 bar	1.06 @ 0.15 bar	1.8W
ET40	1.41 @ 0.15 bar	1.41 @ 0.15 bar	2W
ET60	2.12 @ 0.15 bar	2.12 @ 0.15 bar	4W
ET80	2.83 @ 0.10 bar	2.83 @ 0.10 bar	8W
ET100	3.53 @ 0.10 bar	3.53 @ 0.10 bar	1.8W
ET120	4.24 @ 0.10 bar	4.24 @ 0.10 bar	2W
ET150	5.30 @ 0.10 bar	5.30 @ 0.10 bar	4W
ET200	7.06 @ 0.15 bar	7.06 @ 0.15 bar	8W
ET250	8.83 @ 0.20 bar	8.82 @ 0.20 bar	1.8W
ET300	10.60 @ 0.20 bar	10.60 @ 0.20 bar	2W

ETK Air Pumps

The ETK series range of air pumps ensures that there is plenty of water movement in wastewater applications; this boosts oxygen levels in the water, allowing aerobic bacteria to decompose. When used in medical applications, the ETK series provides a high flow at low pressure.

Product	Performance l/min	Performance l/min	Power Watts
ET60	2.12 @ 0.15 bar	2.12 @ 0.15 bar	55W
ET80	2.83 @ 0.15 bar	2.83 @ 0.15 bar	85W
ET100	3.53 @ 0.10 bar	3.53 @ 0.10 bar	105W

ETX Air Pumps

The ETX series features energy efficient motors that don't lose performance. With their whisper quiet operation and extended service life in both continuous and intermittent duty, they make ideal pumps for the aeration of hydroponic nutrients and pond water.

Product	Performance l/min	Performance l/min	Power Watts
ETX60 ECO	2.12 @ 0.15 bar	2.12 @ 0.15 bar	39W
ETX80 ECO	2.83 @ 0.15 bar	2.83 @ 0.15 bar	58W

ETA Air Pumps

The ETA Series comes complete with an integral alarm system which utilises pressure sensing technology to alert the user to routine service intervals or a blockage in the system. The series was designed for Koi ponds and growing systems where pump down time can cause expensive losses. The standard ETA unit comes complete with loud integral buzzer and LED light but additional options include a 230V output which can be wired into an external alarm or telemetry system.

Product	Performance l/min	Performance l/min	Power Watts
ET40A	1.41 @ 0.15 bar	1.41 @ 0.15 bar	30W
ET60A	2.12 @ 0.15 bar	2.12 @ 0.15 bar	55W
ET80A	2.83 @ 0.10 bar	2.83 @ 0.10 bar	85W
ET100A	3.53 @ 0.10 bar	3.53 @ 0.10 bar	105W
ET120A	4.24 @ 0.10 bar	4.24 @ 0.10 bar	125W
